Product description

The small hammock system is a cozy addition to any playground. With an overhead sunshade, it offers protection from the sun, making it a safe and comfortable spot to play or relax. It's the perfect place to unwind, read, or simply enjoy fresh air with friends.

The hammocks encourage relaxation, while the sunshade ensures usability throughout the day, even at midday.

Besides providing a tranquil space, the hammock also helps children practice their balance and spatial awareness. This simple addition can become a central meeting point, fostering community and interaction across age groups.
